### LED Headlight

#### ALK011

##### Description

The ALK011 headlamp has 4 lighting modes useful for multiple applications from work to outdoor activities. It has a powerful beam of light that can reach a distance of up to 80 meters and an adjustable light intensity of 110 lux (lumens).

The lamp has a swivel head that provides directional lighting. It includes IPX5 weather protection and has good impact resistance. Its operation with 3 AAA batteries promises you an autonomy of up to 6 hours.
