

Galvanized Cable Anchor - Sling (CEK003 / 004 / 006)

Product #	Colour	Length
CEK003	Grey	3' (0,91m)
CEK004	Grey	4' (1,2m)
CEK006	Grey	6' (1,8m)

Description

- 1/4" galvanized steel cable coated with 5/16" PVC for extra resistance to abrasion and corrosion
- 2 eyelets for connecting a CSA Z259 and / or ANSI Z359 approved carabiner
- Capacity: combined weight between 130 to 310 lbs. (person, clothing, tools, etc.)
- 22kN—5,000lb (2,268kg) minimum anchor strength resistance per person
- To provide a secure anchorage, the cable must simply be wrapped around a compatible steel beam or ramp and then connected to a compatible component
