

TTP231

Cut resistant welding gauntlet

The TTP231 is a gauntlet style leather glove designed specifically for those who typically have to wear two different styles of glove to perform different parts of their job.

It is a welding glove which uniquely also provides ANSI 105: 2016 level A5 cut resistance and is available in sizes S – 4XL ensuring a proper fitting glove. No longer do workers have to switch gloves to perform cutting or welding tasks, the 231 will protect for both.

Providing EN407: 2004 contact heat level 1 protection and reinforced stitching between the palm and thumb for added durability, this is no ordinary welding glove.

Product Specifications

Product Name	Prometheus
Product Code	TTP231
Sizes	7/S – 13/4XL
Glove Base	Tilsatec – RhinoYarn®
Construction	Seamless knit
Glove Shell	Leather
Cuff/Wrist	Extended Gauntlet
Origin	China

Packaging

Case Quantity	36 pairs per case
Internal Packaging	12 pairs per bundle

Performance

ANSI 105: 2016

CUT

EN388: 2003

4543

PUNCTURE:

4

Available Sizes & Cuff Colors

Size	7 S	8 M	9 L	10 XL	11 2X	12 3X	13 4X
Cuff
