Anti-Vibration Mechanical Goatskin Leather Glove

MKS150

Description

These work gloves for mechanics are made of A/B grade goatskin leather and feature a 4-ways breathable stretch polyester back and fingers. The glove palms are padded with foam at pressure points, and the knuckle joints are protected with a leather strip for greater protection. The elastic wrist with Velcro closure ensures a secure fit.

Materiel

- Goatskin leather palm padded with foam at pressure points
- Breathable polyester 4 ways stretch back and fingers

Size:

S to 2XL

Care and washing instructions

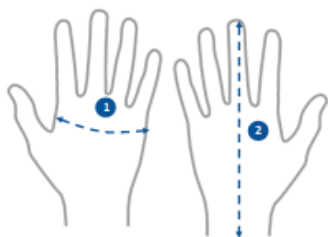

A good way to keep leather gloves longer is to clean them regularly.

- Clean with a soft, damp cloth, removing any dirt
- Clean with a cloth and a mild soap that contains natural grease (e.g. Marseille soap)
- Air dry only
- Do not iron
- DO NOT clean with harsh soap as this removes natural oils from the leather and makes it more rigid

Size chart

MKS150

Size Kosto *			S	M	L	XL	2XL
1	Width (hand)	cm	11	11.5	12	12.5	13
		po / in	4.3	4.5	4.7	4.9	5.1
