PIP GLOBAL SAFETY

SPECIFICATION SHEET

STYLE: 32-001000-0000

Technical Data

Color	Green
Sizes Available	OS
Packaging	Boxed
Packed	1/Case
Case Dimensions (in)	29.00 x 18.00 x 31.00
Case Weight (lbs)	42.99
Country of Origin	United States
Certifications	TAA Compliant, ANSI Z308.1-2009

Fendall® Pure Flow 1000®

Emergency Eyewash Station - Station Only

- Self-contained and easy to install with no plumbing required
- Can be easily and affordably placed near most workplace hazards or transported with optional universal cart or stand
- Factory-sealed fluid cartridges (sold separately) eliminate mixing, measuring, and the opportunity for airborne particles or microorganisms to contaminate the fluid prior to use
- Unique nozzle design delivers a soft "ribbon" of a preserved, buffered, saline solution that is superior to tap water for emergency eye care
- Constant flow rate and optimal stream height permits thorough flushing that provides 0.4 gpm for entire 15-minute cycle as required by ANSI Z358.1
- Integral reservoir captures waste fluid to eliminate spill hazards and simplify disposal
- Easy cartridge replacement takes less than five minutes
- Cartridge life lasts at least four times longer than other primary, self-contained eyewashes
- RFID technology gives you instant, accurate safety information about the cartridges while the easy view window makes inspection quick and easy
- Saline cartridge sold separately (32-001050-0000-H5)
