### Instructions for use

**LIMITATIONS OF USE:** Single use device. Use 2 to 3 masks per day per person. Maximum recommended wearing time is 4 hours.

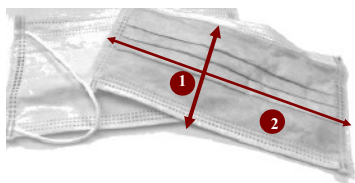

**STORAGE:** Masks have a limited shelf life and should be stored in a location:

- Protected from light
- Protected from humidity
- Well ventilated
- At a temperature between 10 and 25°C

The maximum suggested storage time for masks is 5 years

**WARNING:** It is essential that the mask be removed last, after any other protective equipment (gloves, clothing, goggles) to limit the risk of contamination. Hands should be disinfected after mask removal.
