Color:

Charcoal Navy

Size:

XS S M L XL 2XL 3XL 4XL 5XL

Length:

Regular Tall

Description

FR protection that finally breathes. This ventilated FR shirt uses patented Flashtrap® technology, ventilated traps backed with flame-resistant mesh, to circulate cool air and release heat from the inside out, so you stay comfortable through hot, demanding shifts. Rated PPE Category 2 at 9 cal/cm², it delivers dual-hazard arc and flash-fire protection without the bulk. A textured dobby weave adds flexibility and a professional look, while a button-down collar, chest pockets, and bar-tacked stress points keep it as functional as it is cool.

- Flashtrap® technology effectively keeps workers cooler by circulating cool air inside the garment and releasing heat from the inside out
- Flashtrap ventilation: U.S. Patent No. 9,974,347 / Canadian Patent No. 2835752
- Lightweight & Durable Construction
- Subtle, textured woven fabric with enhanced breathability, flexibility, and strength, providing a comfortable fit for long workdays
- Regular fit
- Two front chest pockets with flaps and button closures
- Pencil division on left pocket
- Button down collar
- Hemmed front and cuffs with button closure
- Bar-tacked at all stress points
- Industrial Laundry
