Aluskin Shirt with 2" reflective tape

VHKA01
VHKA01T

The fabric of AluSkin garments offers an optimal protection for workers exposed to molten metals such as foundry workers and welders by protecting them from molten splinters, flames and heat and provides category 2 protection for workers at risk from electric arcs. The comfortable, lightweight fabric blend and the fit of the garment make AluSkin the ideal protective garment.

Care Guide

Care Instructions

- Protective garments should be cleaned regularly, as per recommended instructions.
- Wash all garments after fixing all closure systems.
- Strictly wash garments inside out.
- Always wash your Flame Retardant PPE separately to avoid some migration of flammable loose fibers or components.
- Please make sure that garments are properly rinsed after wash.
- Do not dry in direct sunlight as this may cause color to fade.
- After cleaning the garment, please inspect before re-use

Wash care instructions

- Wash in 60°C, do not use detergents containing soap & chlorine.
- Do not bleach, or use acids when rinsing.
- Iron at low setting (below 110°C).
- Use dry cleaning agent other than Trichloroethylene.
- Tumble dry allowed.
